I am very blessed in that pretty much everything I've ever wanted I have. My future goal is to finish my degree. I love modeling, dancing at high end clubs, shopping, and traveling. I literally live my best life, and I love every minute of it.

My dreams in life is to travel to America New York City and make my career in modelling big and challenging I've always wanted to become a glamour/nude and lingerie model I feel confident and good in myself it also makes me feel sexy in front of the camera. My goals are to make it on the front cover of a magazine specifically Vogue or playboy etc.. my achievements have been making it as far as I have come without parental support in my younger days. The biggest challenge has been becoming more confident in myself.

Poojani Perera

I'm Poojani Perera, from Colombo, Sri Lanka, a professional model and a belly dancer too. I'm a young model just 23 years, with a very sensual and a perfectly slim figure, love doing photoshoots especially in semi-nude, bikini and lingerie. I'm being thankful to Mr. Brian Kerkoven, the professional modeling arm, for grooming my career and for his humble guidance. I own a naturally

glowing & fresh tan skin, sensually slim figure, perfect sized boobs and butts for bikinis, have already been eye caught by Sri Lankan, Indian photographers for magazines, social media and media productions. You are very welcome, in many kinds of photographic and video productions in many forms including fashion, bikini, lingerie, semi nude, dancing and acting.

I didn't have any real dreams when about modeling ever. Never thought I was pretty enough, but they I took my first professional picture and I was like oh my is that me! And I kinda left it alone for a while longer. Until I went to a studio shoot with a friend and saw those pictures, and I have been going seen. It really gave my self-esteem a boost. I have met an amazing group of girls that I love. The goals that I am trying to set for myself are now paid modeling and maybe like small commercials. A challenge that I live with everyday is congestive heart failure, but I don't let that stop me from having the best time of my life.
