Krystal Morgan

My name is Krystal Morgan, I was raised in a small town known as a small town country girl barefoot with cut off shorts riding bareback on horses along with riding four wheelers, dirt bikes with no brakes, hanging on ropes jumping into ponds with many dreams and goals of helping others. I am a woman that has no problem with a little dirt and grease under her nails. I have worked as a correctional officer in the medical field but all along my biggest dream was to become an actress/model. I realized helping myself was the answer. The love of my life is Joshua and Bentley my husband and son... I decided to pursue my dreams. It was time for my dreams to come true. I started by promoting myself.. First by over coming some fears known as my little secrets of always feeling the need to be discreet and I was self conscious of my body, these little things had to go in order for myself to reach my goal. I had to work hard to overcome my fears by many walks in front of the mirror. Truth be told to tell myself I am beautiful. I am proud of who I have become, my spirit of confidence has sorrowed flourished. I've came a long ways and yes I'm still that country girl at heart with on going goals to be in the big city lights.

Ashley Seaman

My name is Ashley and I recently found a new passion. The art and beauty of the human body! There is beauty in everything but it is up to us as individuals to capture this beauty!

Bridget Chatterpaul

My name is Bridget Thomas Chatterpaul, as a freelance model of 3 and a half years my goals and motives are to gain experience and knowledge of this business, express confidence, class, dedication, and to express yourself in an art form that no one else can. Growing up in a small town on the outskirts of port perry was very difficult being different ethnicity (Trinidadian/Canadian) especially through the bullying years of school, making friends

and friendships that would last was just something that didn't click with me. That's were I found my passions and favorite habits that boosted my self esteem such as playing girls league soccer, baseball, tap/hip hop and belly dancing, to competitive horseback riding, show jumping and cross country courses. Having found my passion for animals I followed my dreams, volunteered at the humane society then completed the vet assistant program along

with the Psw course. I love caring for others, gives you an Incredible feeling of reward and satisfaction making you feel proud when you go to bed. I always say everyone should do at least one good deed a day, what goes around will come around. That is why I started modeling, to boost not only confidence but also to inspire others to fulfill there dreams in there own artistic way.

Clare Sweeney

Clare Sweeney is a published, Northamptonshire based model at 31 years of age. She is a scrumptious mummy who works for a car parts company for a living and models at her own leisure. Modelling is a passion of Clare's that she hopes to make a full time thing in the future but as we all know, family comes first. Clare has been modelling for 10 years or more, she loves to be in front of the camera sharing her beauty with you to create striking images which she can share with the world. Clare believes the secret to modelling is not about being perfect, it's about leaving a face that people can instantly identify. Pose with a passion or don't do it at all.

COURTNEY EADS

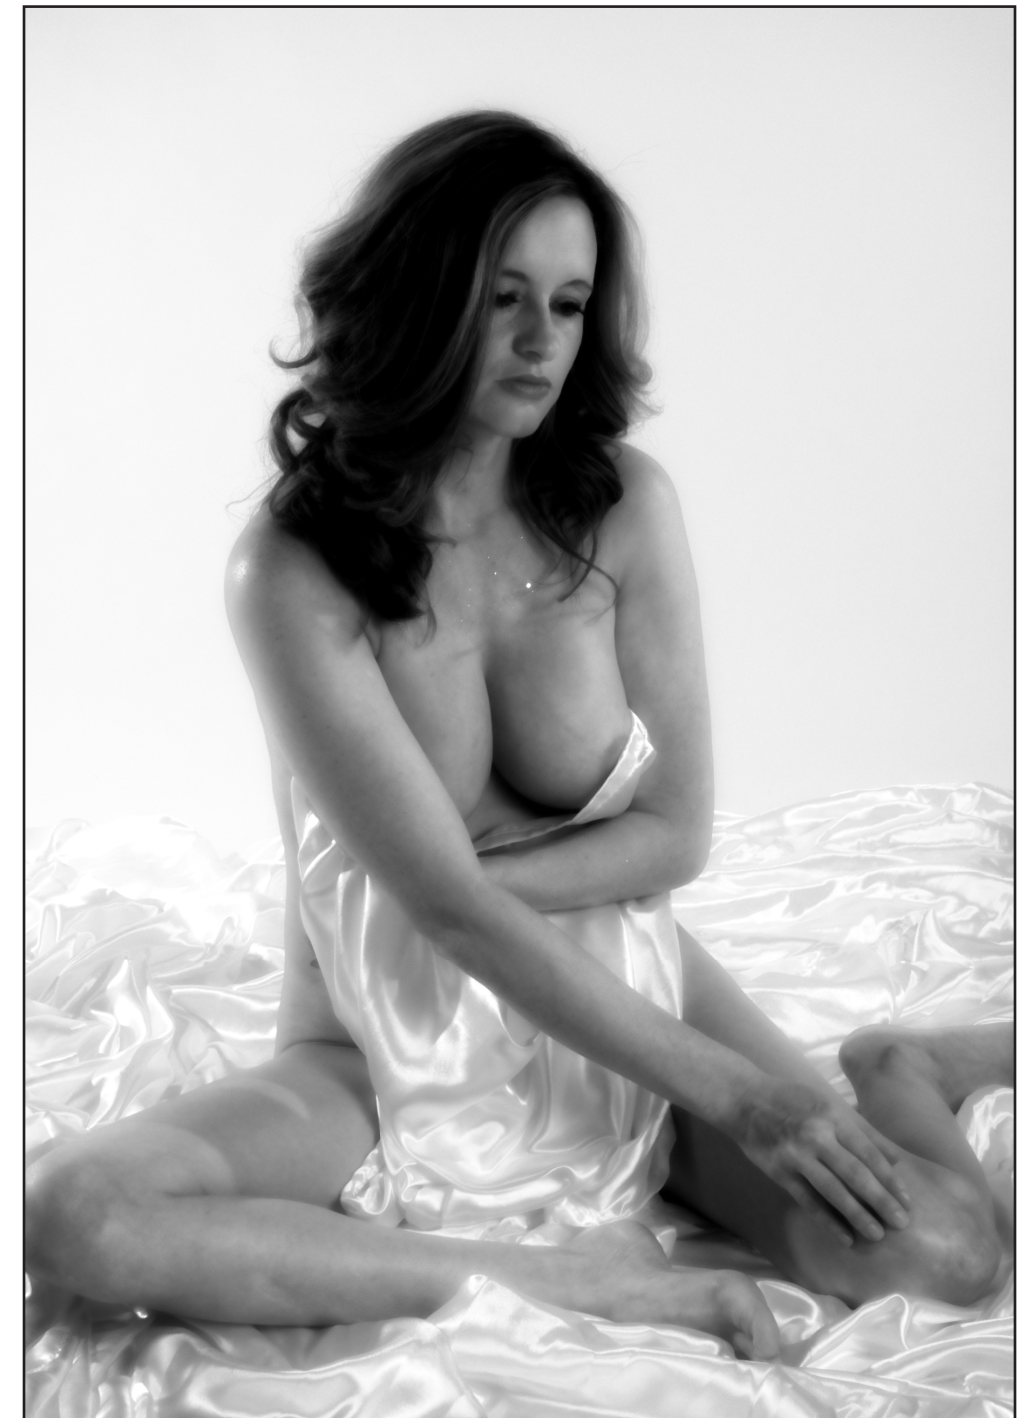

"I love being a home body. Staying home with my daughter watching cartoons, the walking dead, cleaning, baking and coloring. We spend a lot of time outside doing yard work, playing in the pool and bringing the cats outside to play. I am a pharmacy technician and going to school to be a pharmacist. I enjoy knitting, crocheting and diy projects. Modeling is one of my passionate hobbies, it's not everyday you get to feel like a movie star and the end product is never the person you see in the mirror everyday."

Crystal Staggs

Hi every one, my name is Crystal Staggs, I want to tell you a little about myself, I am a true okie at heart, born and raised in Oklahoma City, Oklahoma. I'm a dental assistant, been working closely with the public for 8 yrs, you could say I'm right in your face. I have always loved being in front of the camera since I was a little girl and being the center of attention.

I've been a model for 2 yrs, and a lifelong dream and passion of mine ever since I can remember is to be in Playboy playmate, what an honor and thrill it would be to be know and recognized all over the world and to be tied to a worldwide brand like that.... give's me goose bumps all over!!!! Modeling is a true passion of mine. I have tons of sex appeal

and a very strong sexuality that I use to seduce the camera. I'm very comfortable with sensuality, and very comfortable expressing my sexuality. Nudity is not a problem with me as long as I'm portrayed as a woman, Classy, Glamorous and Sultry. I love nature and being outdoors, and at times I love to live on the daring side of life.

Life is to drab if you don't take a risk every once in a while. I at times prefer to live on the wild side, a real "TIGRESS" at heart. I like to live by my favorite quote. "LIVE LIKE THERE'S NO TOMORROW". As you can see I'm not shy or bashful, I'm very outgoing and passionate about modeling. After seeing Crystals spread there may not be... but who cares????

Ronnie and I would personally like to introduce Crystal Staggs. We had the pleasure of shooting multiple session of her to complete her submission. We both knew that she was somewhat of a risk taker when she said "I can do that". Every once in a while as a photographer you run into a "WOMAN" that truly seduces the camera with a SULTRY look.

Well this one has it in the bag... A true pleasure to shoot and we hope you like her shots.

Q: What did you do before you became a model/ dancer/ actress?

A: This has been my main focus as of late, but I was also trained in dressmaking and got into the bridal fashion industry. I designed bridal accessories and was the exclusive supplier of veils for a bridal store. I decided to end that though to focus on what I'm doing now.

Q: What's an average day like for you?

A: I'm always on the go... so many people to see and different projects to do. I love it. I try (key word being try) to balance this with school, animal advocacy, and my love life!

Q: What are your biggest turn ons and turn offs?

A: I like a sweet, knowledgeable and responsible man with a good sense of humour. Laziness, ignorance, and lack of empathy are big turn offs.
